Cartridge World

ENVIRONMENTAL POLICY

Our Company strives to promote good environmental practice in Cyprus. We encourage the recycling of printer cartridges and collection of empty cartridges, plus the recycling of waste materials arising from that process. Furthermore we encourage the return for recycling of printers and offer a 'trade-in' of laptops for re-sale.

Empty Printer Cartridges;
- We RE-USE empty cartridges.
- Are LICENSED by the Cyprus Government to collect, empty cartridges that can be re-manufactured.

Printers;
- We REPAIR printers
- We accept broken printers from customers purchasing replacement printers. These will be sent to our Recycler.

Laptops;
- We REPAIR and can purchase at trade-in value pre-owned laptops. These will be serviced and re-sold.
- We will accept scrap laptops from customers purchasing replacements. These will be sent to the Recycler.

Computers & Monitors
- We REPAIR and sell refurbished IT equipment.
- We can arrange collection of waste IT equipment from business customers.

Our Waste
- We separate our waste from the re-manufacturing process, all is collected for recycling.

Packaging
- We use only paper bags and cardboard boxes that can be re-used.

Products
- Our toner cartridges are 60% more C02 Eco Friendly compared to buying new.
