1. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
2. Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing
3. Based on Epson calculations, cost per page saving with reference to the average printing costs for EcoTank "110" large ink bottle series and the genuine consumables used within the 5 best-selling cartridge-based 1-20ppm single function mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Cost per page calculated by dividing the relevant bottle/cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
4. 4.Based on Epson calculations, average total saving required to print the same number of pages as the average yield of ink bottles included in-box within the EcoTank Mono range. Comparison between average yield (A4 prints of ISO/IEC 19752) of EcoTank "110" bottle and the genuine consumables sold and used within the 10 best-selling 1 20ppm mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Total savings calculated with reference to the average purchase price of a printer amongst these top 5 models plus printing costs, calculated by dividing the relevant cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
