

EcoTank M1120

DATASHEET / BROCHURE

Take advantage of mobile printing and reduce your printing costs with this reliable, time-saving and energy-efficient EcoTank.

Enjoy the benefits of mobile printing and big savings with this durable, fast and energy-efficient EcoTank with refillable ink tank. A cost-efficient solution, print up to 5,000 pages with the included black ink¹. You'll get prints quickly as there's no warm up time and print speeds of 15ppm². Connect easily via Wi-Fi and use Epson's range of mobile printing apps.

Low cost replacements

Save up to 90% on printing costs³ with EcoTank's large ink tank and replacement ink bottles. One bottle of EcoTank ink is equivalent to five toners⁴, so you'll refill less and spend less, too.

Reduce your printing costs

EcoTank saves you time and money compared to laser printers⁵. With a large refillable ink tank and ink bottles included with purchase, you'll be able to print thousands of pages straight out of the box.

Reliable

Enjoy the reassuring quality and reliability of an EcoTank printer, with a one-year warranty and up to three years promotional warranty⁶.

Easy to use

Epson EcoTanks are designed to be simple and fuss free - that's why our ink tank system is fully integrated and straightforward to set up. It's also compact, making it easy to fit into your home office.

Join 50m customers worldwide

Since Epson started making EcoTanks in 2010, over 50m EcoTanks have been sold worldwide⁷, making Epson the no. 1 ink tank printer in the world⁸. 7 out of 10 ink tank printers sold in the Middle East and Africa are Epson⁸.

INK BOTTLE COMPATIBILITY

1. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 with replacement sets of ink. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature. During the initial printer setup, a certain amount of ink is used to fill the print head's nozzles, therefore the yield of the initial bundled set can be lower.
2. Determined in accordance with ISO/IEC 24734 showing the average of ESAT from the Office Category Test for default simplex. For more information visit www.epson.eu/testing
3. Based on Epson calculations, cost per page saving with reference to the average printing costs for EcoTank "110" large ink bottle series and the genuine consumables used within the 5 best-selling cartridge-based 1-20ppm single function mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Cost per page calculated by dividing the relevant bottle/cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
4. Based on Epson calculations, average number of toner cartridges required to print the same number of pages as the yield of Epson Mono EcoTank ink bottle. Comparison between average yield (A4 prints of ISO/IEC 19752) of the EcoTank "110" bottle and yield of the genuine consumables (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019) sold and used within the 10 best-selling 1-20ppm cartridge-based mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020).
5. Based on Epson calculations, average total saving required to print the same number of pages as the average yield of ink bottles included in-box within the EcoTank Mono range. Comparison between average yield (A4 prints of ISO/IEC 19752) of EcoTank "110" bottle and the genuine consumables sold and used within the 10 best-selling 1 20ppm mono laser printers in Middle East and Africa (IDC, Quarterly Hardcopy Peripherals Tracker, 2019 shipments, published Q1 2020). Total savings calculated with reference to the average purchase price of a printer amongst these top 5 models plus printing costs, calculated by dividing the relevant cartridge sales revenue and total yield by unit sales in Middle East and Africa (IDC, Hardcopy Peripherals Consumables Tracker, 2019 shipments, published H2 2019). USD converted to local currency using FX spot rate from XE.COM as at 08/07/2020.
